† Sunday trains to Queenscliff are run during portion of Summer only and at Easter. § Also issued in reverse direction.

MOST IMPORTANT!

THESE TIME-TABLES are liable to be altered at any time according to circumstances, but all alterations are advertised in the metropolitan daily newspapers and in country newspapers serving the districts affected. Watch the newspapers carefully and make a note of train alterations.

SPECIAL ESCORTED TOURS: See page 46.

HOW TO READ THE TIME-TABLES.

The time-table schedules in this folder are read in almost every case across the page, from left to right, but in a few instances it is necessary to read up and down the page, and the following is an explanation of what "Read Up" and "Read Down" mean.

READ UP.—If the station you are going to is above the station you are starting from, use the column marked "READ UP" to see the time your train starts or arrives.

READ DOWN.—If the station you are going to is below the station you are starting from, use the column marked "READ DOWN."

The train times shown are printed in light face type (9.10) for A.M. and heavy face type (2.40) for P.M. Lv. Means Leave. Ar. Means Arrive.

The following list tells you what the reference letters mean :—

a Trains so marked will not stop unless required to pick up or set down passengers. If you intend *to alight* tell the guard at the preceding stop. If you intend *to join* tell the person in charge of the station. If there is no one in charge show the signal provided.——*b* Trains so marked will stop only when required to pick up passengers. It is illegal *to alight* from a train at a station so marked.—If you intend *to join* the train, tell the person in charge at the station. If there is no one in charge show the signal provided.——*c* Indicates where you are to change trains on your journey.——*d* Trains so marked will stop only to set down passengers when required. It is illegal *to join* a train at a station so marked. If you intend *to alight* tell the guard at the preceding stopping station.——*f* Trains so marked pick up passengers only. Do not *alight* from these trains.——*g* Trains so marked set down passengers only. Do not *join* these trains.——R. Means Refreshment Room.——T. Means Tea Stall.

IT IS VERY IMPORTANT—That you should read the explanation when there is a letter or symbol placed against a train time, fare, &c.

Each station at which a Caretaker is in charge is printed in italics in the Index, thus *Albion*. NC opposite a station name indicates that no one is in charge, thus Balnarring NC. (Note :—Freight charges on parcels forwarded to caretaker and no-one-in-charge stations must be prepaid.)

The Map of the Suburban Lines on the cover page is a handy guide to the Time-tables. The figures shown on the map indicate the Table numbers where detailed information is shown.

Luggage by Rail Motor Cars, Electric Street-Railway Cars, and Road Motor Coaches is subject to further limitations owing to the reduced accommodation available. Inquire at Booking Offices.

Passengers travelling between capital cities are granted a luggage allowance of 168 lb., first-class, and 112 lb., second-class.

Overseas passengers, both inward and outward, are entitled to the free carriage by rail of the following luggage—

1st Class, 3 cwt. 2nd Class, 2 cwt.

To obtain this concession, the following must be presented at the Stationmaster's Office, Spencer Street or Flinders Street, or the Victorian Government Tourist Bureau, Queen's Walk :—

Inward Passengers :—Ship Purser's Certificate and Rail Ticket.
Outward Passengers :—Steamer Ticket and Rail Ticket.

EXCESS LUGGAGE is charged at ordinary parcels rate on the bulk weight.

LUGGAGE FOR CONVEYANCE IN VANS.—If you are having your luggage checked for conveyance in the van, pack the trunks and boxes securely, address clearly to your destination station, and remove all old labels. By so doing you will help to prevent your baggage going astray. All luggage should be presented with your ticket for checking at least 30 minutes before your train leaves.

COUNTRY AND INTER-SYSTEM PASSENGERS.—Passengers travelling from Country or Inter-system stations may book their luggage through to a suburban station without charge.

SECURE LUGGAGE CHECKS FOR YOUR LUGGAGE.—Luggage Checks are used in Victoria and for Inter-system traffic. The checks are stout card, half of which is attached to the bag, and half is held by you during your journey. A check is issued for each package of bona fide luggage you send in the van. On arriving at your destination you will receive your luggage on surrendering your halves of the checks.

BANISH LUGGAGE BOTHER.

Merely 'phone the Railways Road Carrier (MX3251) to take your luggage from your home. Let him see your rail ticket, when he will issue to you the necessary luggage checks. Then you can forget about the luggage until you reach your destination.

If travelling to Ballarat, Geelong, Bendigo, Sydney or Adelaide, your luggage will be delivered at the street address in any of those cities. All you need do is to see that a legibly addressed label is securely attached to each piece of luggage.

When returning to Melbourne, write your private address and "For delivery by Railways Road Carrier" on the label. The luggage will then be delivered to your door.

A set scale of charges is made for this convenient service from door to door.

If preferred, you may book your luggage direct from any suburban station to a country or Inter-system station, or vice versa. Just produce your tickets for the through journey at the local station and your luggage will then be cared for in the van until you reach your destination station.

POINTS TO REMEMBER CONCERNING YOUR LUGGAGE.

ALWAYS NOTE THE NUMBERS of your checks—this is a safeguard should they be lost.

In the event of luggage going astray owing to the address label becoming detached in transit, it will facilitate recovery if you place inside the luggage the same address as appears on the outside.

Except in the case of tourist tickets as indicated below, your luggage must accompany you on the same train, otherwise ordinary parcels rates will be charged.

You should claim your luggage at your destination on arrival of the train and avoid cloak-room charges.

BULKY ARTICLES OF LUGGAGE.—Luggage containers which are to be taken into the railway carriage must be of suitable size and shape to be safely stowed in the racks. Luggage is not allowed in the vestibules or corridors of cars.

Articles exceeding either 26 inches long, 16 inches wide, or 9 inches deep must be carried in the van. Obtain a luggage check for such articles.

BOOKING LUGGAGE ON TOURIST TICKETS.—Passengers purchasing tickets to tourist resorts served direct by rail may book their luggage through to the destination shown on their tickets, notwithstanding that they are not travelling by the same train.

The **RED CAP MEN** are **LUGGAGE PORTERS** and are licensed to assist you with your luggage at Spencer Street and Flinders Street stations. Licensed Luggage Porters are entitled to be paid at the following rates and no more :—(a) When a single article of luggage only has to be transported—3d. BANISH LUGGAGE BOTHER.

Merely 'phone the Railways Road Carrier (MX 3251) to take your luggage from your home. Let him see your rail ticket, when he will issue to you the necessary luggage checks. Then you can forget about the luggage until you reach your destination.

If travelling to Ballarat, Geelong, Bendigo, Sydney or Adelaide, your luggage will be delivered at the street address in any of those cities.

All you need to do is to see that a legibly addressed label is securely attached to each piece of luggage.

When returning to Melbourne, write your private address and "For Delivery by Railways Road Carrier" on the label. The luggage will then be delivered to your door.

There is a set scale of charges for this convenient service from door to door.

If preferred, you may book your luggage direct from any suburban station to a country or inter-system station, or vice versa. Just produce your tickets for the through journey at the local station, and your luggage will then be cared for in the van until you reach your destination station.

A representative of Mayne, Nickless Ltd., the Departmental Contract Carrier, is located at the Victorian Government Tourist Bureau, Queen's Walk, Melbourne.

Early History.

The first railway was opened for traffic on 13th September, 1854. It was a line of 2 miles from Flinders Street, Melbourne, to Port Melbourne (then called Sandridge). This and other short railways constructed soon afterwards were owned and operated by private enterprise. The Government was, however, authorized in 1857 to undertake the construction and operation of railway lines, and on 1st July, 1878, practically the last of the private lines was merged into the State system.

Have you seen the folder—

"PLANNED HOLIDAYS"?

It comprehensively describes the Victorian Government Tourist Bureau's popular 8-day tours to all the State's leading holiday resorts.

"Planned Holidays" solves that ever-recurring problem—"Where can I spend my next holiday?"

Write to or call at the Victorian Government Tourist Bureau Queen's Walk, Melbourne, or Branch Offices, Spencer Street and Flinders Street Stations (Telephone: Central 9500), for a copy.

MOUNTAIN TOURS.—MT. BUFFALO NATIONAL PARK.

Proclaimed as one of Australia's outstanding all-the-year mountain holiday resorts, Mt. Buffalo National Park is reached by rail to Porepunkah (192 miles)—thence 18 miles by car, a journey that offers an exhilarating prelude to a holiday.

In spring, summer and autumn, this great resort is renowned for the splendour of its widespread panoramas; the diversity of walking, riding, and motoring tours; the outdoor sporting recreations and the unapproached accommodation and service at The Chalet.

In winter, Mt. Buffalo National Park is a magnificent playground for snow sports enthusiasts. Skiing down the snow-mantled slopes is a pleasure which visitors want to experience again and again.

It's YOUR Property —Much of the beauty and finish of railway carriages can be marred in a few minutes by carelessness or vandalism. You, as a passenger, are requested to protect your own property, and to check or report to a railwayman any vandalism you may have witnessed. Never place your feet on polished wood-work or on carriage seats.

Air-Conditioned Travel

Air-conditioning was first introduced in North America in 1930. Its success was so marked that other railroads quickly adopted air-conditioning, and today over 11,000 cars in U.S.A. are equipped with it. The innovation has also extended to Europe, India and South Africa.

Air-conditioning has been an important factor in restoring to the railroads a great deal of patronage which had been lost to other forms of transport, and it is destined to be a big travel builder in Victoria also.

Twenty-eight air-conditioned vehicles are now in service on the Victorian Railways—sixteen carriages, one parlor car, four sleeping cars, two dining cars, and five buffet cars. Five first-class and four second-class carriages, one dining car and the parlor car comprise the full complement of vehicles available for "Spirit of Progress", the streamlined Cor-ten steel train running daily between Melbourne and Albury. Two first-class and two second-class carriages and two air-conditioned sleeping cars are included in the Melbourne–Mildura service. Two air-conditioned sleeping cars are in service on "The Overland". An air-conditioned dining car is also on "The Overland" and runs between Melbourne and Ararat. An air-conditioned buffet car and a second-class carriage are features of the train leaving Bendigo for Melbourne at noon, and returning from Melbourne to Bendigo at 5.40 p.m. (6.20 p.m. on Saturdays). An air-conditioned buffet car and one first-class and one second-class carriage are attached to the Albury Express. An air-conditioned buffet car is attached to the 5.12 p.m. (5.52 p.m. on Saturdays) from Melbourne to Warrnambool, returning from Warrnambool to Melbourne at 7.20 a.m.; also to the 2.30 p.m. (1.25 p.m. on Saturdays) from Melbourne to Horsham, returning from Horsham to Melbourne at 8.15 a.m. Each one of these special vehicles illustrates the immense comfort to be derived from air-conditioning.
