Electric Train Drivers'

ROSTER

WEEK DAYS (Sat. Ex.)

Commencing 29th Nov., 1948

G. OGILVIE,
Electric Running Supt.
Melbourne, Oct., 1948,

A. C. AHLSTON,
Chief Mechanical Engineer.
1612-48

Electric Train Drivers to Note.

Although the Roster may show "Relieved," the E.T. Driver must not leave the train until he is certain that relief is available; should there be no relief, a message to that effect should be sent to the **Chargeman**, but train must not be delayed.

E.T. Drivers must be particularly careful that correct headboards are shown.

Telephone Numbers at Electric Running Depot :

DONT'S FOR ELECTRIC TRAIN DRIVERS.

- DON'T pass these notices by without reading them—they are meant to be read.
- DON'T get offended because these are "DON'TS"; bad temper makes the world an unpleasant place for us all.
- DON'T give passengers cause for complaint. Avoid bad stops.
- DON'T lose your head if you are the victim of chance. The "A.B.C." electrical train test is the means of finding any fault electrical.
- DON'T speed at restricted places—restrictions are imposed in order to secure the public safety; remember the passengers' lives are in your hands.
- DON'T forget to sound the whistle clearly before starting, as the lives of passengers may be endangered.
- DON'T neglect to give a loud and long whistle when approaching crossings and other places where whistling is essential.
- DON'T take on unnecessary work. The storage reservoir provides an easier means of raising the pantograph than that provide by the hand pump.
- DON'T get tripped on the tralling motor cars. The front trip is sufficient, especially when it is raining.
- DON'T take it for granted, make sure you get the Guard's signal to start from all stations.

DON'T fail to report any defect in the overhead construction to a responsible officer at the first station.

DON'T cause endless correspondence about small matters ; fill in the train defect docket fully and clearly—brevity is an asset, but don't sacrifice facts by being too brief.

DON'T cause disorganisation and maybe lose a trip ; that means needless expense to the Department. When you sign for a roster alteration enter it in the book supplied to you for the purpose—it is not a big job.

DON'T forget when you are on special duties ; the posted roster is for your guidance then.

DON'T get into trouble—the notice board will often save you that. Read the notices and be prepared for emergencies.

DON'T doubt—it's better to be sure than sorry. Inquire before you start the job, not after.

DON'T go away and forget that you have read this notice ; remember the maxim of the service is "Safety First."

DON'T imagine that by reading this notice you become absolved from the duty of reading and knowing the Rules, Regulations, and Instructions. Remember you are in duty bound to study the Rules, Regulations, and Instructions carefully, to know them thoroughly, and to apply them on all occasions when their application is demanded.
