OUTSTATIONS

Electric Train Drivers'

ROSTER

WEEK DAYS (Sat. Ex.)

Commencing 29th Nov., 1948

G. OGILVIE,
Electric Running Supt.
Melbourne, Oct., 1948.

A. C. AHLSTON,
Chief Mechanical Engineer.
4396-48

DON'T fail to report any defect in the overhead construction to a responsible officer at the first station.

DON'T cause endless correspondence about small matters; fill in the train defect docket fully and clearly—brevity is an asset, but don't sacrifice facts by being too brief.

DON'T cause disorganisation and maybe lose a trip; that means needless expense to the Department. When you sign for a roster alteration enter it in the book supplied to you for the purpose—it is not a big job.

DON'T forget when you are on special duties; the posted roster is for your guidance then.

DON'T get into trouble—the notice board will often save you that. Read the notices and be prepared for emergencies.

DON'T doubt—it's better to be sure than sorry. Inquire before you start the job, not after.

DON'T go away and forget that you have read this notice; remember the maxim of the service is "Safety First."

DON'T imagine that by reading this notice you become absolved from the duty of reading and knowing the Rules, Regulations, and Instructions. Remember you are in duty bound to study the Rules, Regulations, and Instructions carefully, to know them thoroughly, and to apply them on all occasions when their application is demanded.
